

Net zero progress tracker

* This relates to AMP-managed funds.

Note: Changes in emissions can occur from changes in investee company emissions, selling securities, market value changes & changes in investee companies' carbon accounting practices. The initial drop from Jul-21 to Q3-21 was due to implementing our Sustainable Investment Philosophy.

Disclaimer: The tCO₂e emissions data used for the calculations in the above charts are sourced from our sustainable data provider, Sustainalytics. This data is subject to some limitations as can be seen here: <https://www.sustainalytics.com/legal-disclaimers>. These pathways have been calculated using AMP's methodologies as at 30/06/2023, in line with recommendations from the PCAF. Given the rapid development of methodologies & standards in calculating tCO₂e emissions, we will continue to develop our approach as the relevant resources are set out. Due to the limitations with tCO₂ data, this information is provided on an indicative basis only & no undue reliance should be placed on this.
