What are the risks of investing?

Risk indicator for the ANZ Balanced Growth Fund:

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at sorted.org.nz/tools/investor-profiler.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the past 5 years. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

Notes

- 1 Up until 1 January 2018 the return calculations included rebates of management fees which have been paid to qualifying investors. From 1 January 2018 the return calculations exclude any rebates paid to qualifying members. The returns shown incorporate the combined returns from both these calculation methods. No allowance had been made for any loyalty bonus which certain investors may be entitled to.
- 2 The returns shown for 2016 have been impacted as a result of a tax liability associated with the provision of the loyalty bonus (a feature of the scheme). This has resulted in a downward adjustment in unit prices and will affect the comparability of the 2016 returns against other years.
- 3 The total fund charges are inclusive of any applicable GST.
- 4 The total fund charges exclude loyalty bonuses which have been paid to certain members and the cost of future tax obligations on loyalty bonuses.
- 5 The Manager's basic fee is an estimated bundled fee for the combined services of the Supervisor, underlying investment management fees and an Adviser fee being up to 0.45%.
- 6 Members may receive fee rebates based on qualifying criteria. These rebates have not been included in the calculation of the fees. Members can refer to their product documentation, or contact AMP at the details below, to identify the fee structure applicable to them.
- 7 The other management and administration charges include estimates of underlying fund charges provided by underlying fund managers.
- 8 The actual investment mix and top ten investments have been calculated excluding cash and cash equivalents held for operational purposes.
