

## Annual return graph<sup>1, 2, 3</sup>

This shows the return after fund charges and tax for each of the last 10 years ending 31 March. The last bar shows the average annual return for the last 10 years, up to 31 March 2023.

**Important:** This does not tell you how the fund will perform in the future.

## What fees are investors charged?

Investors in the AMP Global Fixed Interest Fund are charged fund charges. In the year to 31 March 2023 these were:

	% net asset value
<b>Total fund charges (estimated)<sup>4, 5</sup></b>	2.52%
Which are made up of -	
<b>Total management and administration charges (estimated)</b>	2.52%
Including -	
Manager's basic fee <sup>6, 7</sup>	2.36%
Other management and administration charges (estimated) <sup>8</sup>	0.16%
<b>Total performance-based fees</b>	0.00%
<b>Other charges</b>	<b>Dollar amount per investor or description of how charge is calculated</b>
NIL	

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). We may deduct a contribution fee of up to 5% of each payment for the purchase of units. This fee is agreed between you and your Adviser and is deducted from the amount contributed.

Small differences in fees and charges can have a big impact on your investment over the long term.

## Example of how this applies to an investor

Craig had \$10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Craig incurred a loss after fund charges were deducted of \$547.00 (that is -5.47% of his initial \$10,000). Craig also paid \$0.00 in other charges. This gives Craig a total loss after tax of \$547.00 for the year.

## Notes

- 1 From 12 July 2021, AMP Wealth Management New Zealand Limited (AMPWM) took over from AMP Capital Investors (New Zealand) Limited (AMP Capital), now known as Macquarie Asset Management (NZ) Limited (Macquarie), as the underlying fund manager for this fund. The fund performance in the table shows fund performance which relates to both AMPWM (with support from BlackRock Investment Management (Australia) Limited) and AMP Capital, now known as Macquarie.
- 2 Up until 1 January 2018 the return calculations included rebates of management fees which have been paid to qualifying investors. From 1 January 2018 the return calculations exclude any rebates paid to qualifying members. The returns shown incorporate the combined returns from both these calculation methods. No allowance had been made for any loyalty bonus which certain investors may be entitled to.
- 3 The returns shown for 2016 have been impacted as a result of a tax liability associated with the provision of the loyalty bonus (a feature of the scheme). This has resulted in a downward adjustment in unit prices and will affect the comparability of the 2016 returns against other years.
- 4 The total fund charges are inclusive of any applicable GST.
- 5 The total fund charges exclude loyalty bonuses which have been paid to certain members and the cost of future tax obligations on loyalty bonuses.
- 6 The Manager's basic fee is an estimated bundled fee for the combined services of the Supervisor, underlying investment management fees and an Adviser fee being up to 0.45%.
- 7 Members may receive fee rebates based on qualifying criteria. These rebates have not been included in the calculation of the fees. Members can refer to their product documentation, or contact AMP at the details below, to identify the fee structure applicable to them.
- 8 The other management and administration charges include estimates of underlying fund charges provided by underlying fund managers.
- 9 The actual investment mix and top ten investments have been calculated excluding cash and cash equivalents held for operational purposes.
