

Annual return graph

This shows the return after fund charges and tax for each of the last 10 years ending 31 March. The last bar shows the average annual return for the last 10 years, up to 31 December 2017.

Important: This does not tell you how the fund will perform in the future.

What fees are investors charged?

Investors in the Australian Shares fund are charged fund charges. In the year to 31 December 2016 these were:

	% of net asset value
Total fund charges (estimated) ²	3.02%
Which are made up of -	
Total management and administration charges (estimated) ²	3.02%
Including -	
Manager's basic fee (estimated) ²	2.43%
Other management and administration charges ³	0.59%
Total performance-based fees	0.00%
Other charges	Dollar amount per investor or description of how charge is calculated
NIL	

Small differences in fees and charges can have a big impact on your investment over the long term.

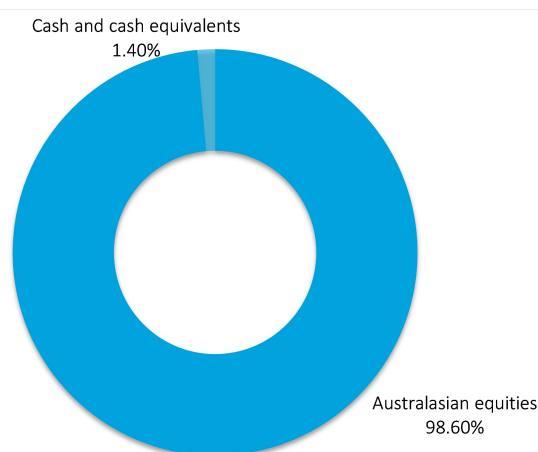

Example of how this applies to an investor

Craig had \$10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Craig received a return after fund charges were deducted of \$1,235.00 (that is 12.35% of his initial \$10,000). Craig also paid \$0.00 in other charges. This gives Craig a total return after tax of \$1,235.00 for the year.

Notes

- 1 The returns include any rebates of management fees which have been paid to qualifying investors.
- 2 The Manager's basic fee is estimated as it includes rebates of management fees for the period 26 September 2015 to 23 September 2016 paid to qualifying investors.
- 3 The other management and administration charges include estimates of underlying fund charges provided by underlying fund managers. The balance dates of the underlying fund(s) do not align with the balance date of the fund. To estimate the charges, AMP includes the underlying fund charges as at the relevant underlying fund(s) balance date, adjusted (where required) to reflect any material changes advised to AMP by the relevant underlying manager as having occurred during the intervening period.
- 4 The actual investment mix and top ten investments have been calculated excluding cash and cash equivalents held for operational purposes.
