

Annual return graph

This shows the return after fund charges and tax for each of the last 10 years ending 31 March. The last bar shows the average annual return for the last 10 years, up to 31 March 2017.

Important: This does not tell you how the fund will perform in the future.

What fees are investors charged?

Investors in the FLP Conservative Fund are charged fund charges. In the year to 31 March 2017 these were:

	% net asset value
Total fund charges	1.83%
Which are made up of -	
Total management and administration charges (estimated)	1.83%
Including -	
Manager's basic fee ¹	1.50%
Other management and administration charges	0.33%
Total performance-based fees	0.00%
Other charges	Dollar amount per investor or description of how charge is calculated

Account Fee

Members who joined the Scheme prior to 19 May 1997 are charged an annual account fee of \$60. When the member's balance is over \$30,000, as at the plan anniversary, this fee is waived. These members also receive a reduced management fee in the form of a rebate. Members can refer to their product documentation, or contact AMP at the details below, to determine the fee structure applicable to them.

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). Small differences in fees and charges can have a big impact on your investment over the long term.

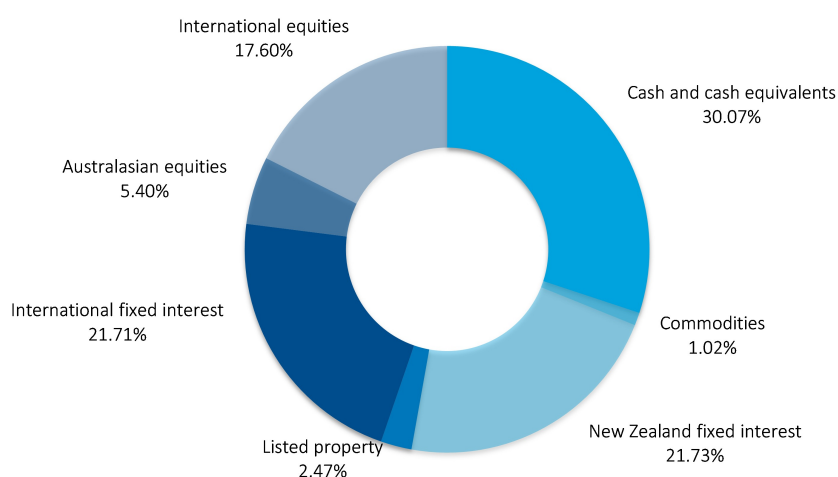

Example of how this applies to an investor

Craig had \$10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Craig received a return after fund charges were deducted of \$299.00 (that is 2.99% of his initial \$10,000). Craig also paid \$0.00 in other charges. This gives Craig a total return after tax of \$299.00 for the year.

What does the fund invest in?

Actual investment mix²

This shows the types of assets that the fund invests in.

Target investment mix

This shows the mix of assets that the fund generally intends to invest in.

Asset Type	Allocation
