The returns are based on the percentage change in the unit price of each fund for the period specified. They are not the returns individual investors will receive as this will depend on the prices at which units are purchased on the date of each individual contribution. Changes in the unit prices reflect changes in the market values of the assets within each fund and the deduction of annual management fees.

No allowance has been made for administration or monthly member fees.

* Returns displayed are after annual management fees but before tax. This method is based on the PIE (portfolio investment entity) tax regime whereby individual investors will have tax paid on their behalf at their PIR (prescribed investor rate).

*On 28 July 2016 the ANZ Balanced Plus Fund was renamed the ANZ Balanced Growth Fund.

The information has been derived from sources believed to be accurate at the time of issue, however, none of AMP Wealth Management New Zealand Limited, The New Zealand Guardian Trust Company Limited, the underlying fund managers, any of their related companies, their directors, the Crown or any other person guarantees the Scheme, any investment in the Scheme, or any returns on an investment in the Scheme, or gives any warranty of reliability or accuracy, or accepts any responsibility arising in any way including from any error or omission.

* The Administration fee is charged as a percentage (currently 0.150% for the Default Fund and 0.525% for all other Funds) of the gross asset value of each Fund and is deducted each month by cashing up units from a member's account. The Member fee is currently \$1.95 per month per member and is deducted each month by cashing up units from a member's account.
