Past performance is not indicative of future performance and is not guaranteed by any party.

The returns are based on the percentage change in the unit price of each fund for the period specified. They are not the returns individual investors will receive as this will depend on the prices at which units are purchased on the date of each individual contribution. Changes in the unit prices reflect changes in the market values of the assets within each fund and the deduction of annual management fees.

No allowance has been made for administration or monthly member fees. Returns displayed are after annual management fees but before tax. This method is based on the PIE (portfolio investment entity) tax regime whereby individual investors will have tax paid on their behalf at their PIR (prescribed investor rate).
 * On 30 June 2016, Cash Fund was renamed as AMP Cash Fund and on 28 July 2016 the ANZ Balanced Plus Fund was renamed the ANZ Balanced Growth Fund.
 ** Historical performance information is not available for these funds as they were established on 28 July 2016.
