These returns should be read in conjunction with the notes below:

The returns stated represent in each case and for each fund, the percentage change in the unit price adjusted for Portfolio Investment Entity ("PIE") tax credits over the period.

These are not necessarily the returns individual investors will receive as this will depend on the prices at which units are purchased and sold, the dates of these transactions and any additional contributions or withdrawals made during the period.

Past performance is not indicative of future performance and is not guaranteed by any party.

Returns are after the annual management fee, but before PIE tax is deducted at the investor's Prescribed Investor Rate. No allowance has been made for any entry fees. Returns prior to 1 October 2007 (the date the Personal Unit Trust ('Trust') and the Personal Superannuation Scheme ('Scheme') became PIEs) are 'grossed up' to approximate pre-tax returns.

[^] On 20 September 2012 the name of the Select Cash Enhanced Portfolio changed to Select Cash. Prior to 28 June 2010 (the date the underlying investment fund became a PIE) the returns for the Select Cash Portfolio are 'grossed up' to account for the tax paid by the underlying fund.
