These returns should be read in conjunction with the notes below:

The returns stated represent in each case and for each fund, the percentage change in the unit price adjusted for Portfolio Investment Entity ("PIE") tax credits over the period, calculated by Morningstar, Inc, using information provided to Morningstar by the relevant fund manager.

The Morningstar, Inc 'Total Return' methodology used to calculate these returns assumes all income is reinvested into the fund. It is therefore a combined measure of both capital growth and income. All returns are expressed in New Zealand dollar terms, and as such are the returns to New Zealand investors. Returns shown for periods of up to one year are for the period stated, while returns shown for periods of one year or more are annualised.

These are not necessarily the returns individual investors will receive as this will depend on the prices at which units are purchased and sold, the dates of these transactions and any additional contributions or withdrawals made during the period.

Past performance is not indicative of future performance and is not guaranteed by any party.

Returns are after the annual management fee, but before PIE tax is deducted at the investor's Prescribed Investor Rate. No allowance has been made for any entry fees, portfolio servicing fee or advice fee (if applicable). Full details on fees can be found in the Premium Investments Investment Statement. Returns prior to 1 October 2007 (the date the Trust became a PIE) are 'grossed up' to approximate pre-tax returns.

[^] Prior to 28 June 2010 (the date the underlying investment fund became a PIE) the returns for the OnePath NZ Cash Fund are 'grossed up' to account for the tax paid by the underlying fund.

* On 12 November 2010, the name of this portfolio changed from Bernstein Global Shares to FD International Share Fund 1 - Value.

[†] On 12 November 2010, the name of this portfolio changed from Alliance Capital Global Shares to FD International Share Fund 3 - Growth.

[‡] The return shown for the Cash Management Account is the interest that has been earned for the period.
